

17-way distribution box

Overview

17-way indoor boxes are designed for installations in temporary facilities, like construction sites. They provide a structured way to manage power where climate protection from outdoor elements isn't a priority. Schneider Electric aims to achieve Net Zero status by 2050 through supply chain partnerships, lower impact materials, and circularity via our ongoing "Use Better, Use Longer, Use Again" campaign to extend product lifetimes and recyclability. Below are some of the common types. They. **WARNING:** This product can expose you to chemicals including: Lead, which is known to the State of California to cause cancer and birth defects or other reproductive harm. gov Important: Some software files may need a mySchneider or Club login to. Every Schneider distribution board accessory has been developed to be made green and energy safe, productive, reliable and also highly efficient. Schneider Electrics KQ 125A, 17 way extension box can be used in conjunction with a combination of a Schneider Electric 125A type B distribution board.
