

Bahrain Offshore Optical Line Terminal NRZ

Overview

The terminal comprises of a floating storage unit, an offshore LNG receiving jetty and breakwater, an adjacent regasification platform, subsea gas pipelines from the platform to shore, an onshore gas receiving facility, and an onshore nitrogen production facility. The Bahrain LNG Terminal is jointly owned by a consortium consisting of Seapeak (30%), Noga Holding (30%), Gulf Investment Corporation (24%) and Samsung C&T (16%). Key engineering. Bahrain LNG was established in December 2015. The Bahrain LNG facility has a. Abu Dhabi, UAE - 05 November 2025: Noatum Maritime, part of AD Ports Group's Maritime & Shipping Cluster offering a full portfolio of maritime solutions, today announced it has been awarded a five-year contract by Bapco Upstream, to provide marine services at the Bahrain LNG Import Terminal (BLNG). With the new gate automation, the terminal has taken an important step towards its transformation journey with the ambition to be the Best Terminal Company that takes care of its people, empowers its customers, and engages with its communities. For the delivery of its services Smit Lamnalco will deploy four LNG terminal compliant 70TBP tugs to provide escort, berthing and unberthing.
