

Classification of Andorra Spectrometers

Overview

HS code 902730 includes Optical, photographic, cinematographic, measuring, checking, precision, medical or surgical instruments and apparatus; parts and accessories thereof - Instruments and apparatus for physical or chemical analysis (for example, polarimeters . HS code 902730 includes Optical, photographic, cinematographic, measuring, checking, precision, medical or surgical instruments and apparatus; parts and accessories thereof - Instruments and apparatus for physical or chemical analysis (for example, polarimeters . HS Code Lookup helps classify products under appropriate HS code and find duties applicable across 140+ countries. Find and discover HS classification, tariffs, taxes, controls, rulings, ECCNs, and default and preferential duties for HS code 902730. Optical, photographic, cinematographic. In order to facilitate the application of customs regulations, all goods passing through customs are classified by the customs authorities, according to very specific criteria, with certain codes. Although each state can use the classification system it wishes, the Nomenclature of the Harmonized. Andor's modular spectroscopy platforms are designed to tackle analytical challenges from UV to SWIR, from macro- to nano-scale, with fluxes down to single photon and time-resolution down to nanosecond. Our range can be seamlessly configured to provide optimised detection solutions for many. The Andor Shamrock SR-500i imaging spectrometer is based on Czerny-Turner optical design. The optimized optical design provides exceptional performance for multi-track Spectroscopy.

Mar 19, 2026

Spectrographs for UV, NIR & SWIR

Andor's spectrograph family is based on Czerny-Turner or Echelle optical designs, and offers a range of highly configurable or highly specialised platforms to best

Apr 25, 2026

ir spectrometers Companies and Suppliers serving Andorra | ...

List of ir spectrometers companies, manufacturers and suppliers serving Andorra

Feb 07, 2026

Spectrometer

Optical spectrometers (often simply called "spectrometers"), in particular, show the intensity of light as a function of wavelength or of frequency. The different

Mar 14, 2026

Classification of spectrometers. Re-drawn after Elachi

Accordingly, spectrometers refer to measurements of spectral information, radiometers refer to measurements of radiometric quantities, spectroradiometers

Mar 31, 2026

Kymera 193i Spectrograph

Its F/3.6 aperture, combined with Andor's world-class range of ultra-sensitive UV-NIR and SWIR detectors, offers a "workhorse" spectroscopy platform with superb

Sep 24, 2025

HS Code 902720 Tariff Classification and Products For Andorra

HS code 902720 includes Optical, photographic, cinematographic, measuring, checking, precision, medical or surgical instruments and apparatus; parts and accessories thereof - Instruments and
