

Explosion-proof secondary distribution box white

Overview

The explosion-proof distribution box safely delivers power in hazardous zones (oil, gas, chemical plants) with rugged, spark-resistant casing—ATEX/IECEX, IP66 certified for reliable operation in explosive environments. Pepperl+Fuchs provides a specialized portfolio of Ex d (flameproof) and Ex tb (dust protection by enclosure) certified terminal boxes and junction boxes engineered for reliable use in explosion-hazardous areas. Our products are certified for installation technologies all over the world. These explosion-proof enclosures are the spearhead in terms of safety and provide optimum protection for your installed components against the ingress of gas, dust or water. There are different temperature classes, dust and gas protection ranges, which vary depending on the material, installed. Atexdelvalle offers world-class explosion-protected solutions guaranteeing highest quality and performance with no compromise. Manufacture custom made Local Control Stations & Distribution Boxes, local control panel boards and stations, explosion protected control units, distribution. The Wolf ATEX Splitter Box is compact, portable and CE marked to the ATEX Directive for safe use in Zones 1 and 2 potentially explosive gas and Zones 21 and 22 dust* atmospheres, making it ideal for power distribution within hazardous area confined spaces.
