

Fiber Fiber Reel in Low Voltage Box

Overview

AFL's "Fiber-in-a-Box" solution offers contractors lightweight, easy to use cable packaging with "out of the box" disbursement of fiber cable. No reel supports or pay-off's are required. Simply set the box down in a convenient place, unlock the built-in braking mechanism and begin. Fulfils the toughest specifications of harsh environment fiber optic systems in the world today. Cable drum made of sheet metal with auxiliary spool for storing and safely transporting all types of lines and wires. Great for sporting events. Reel in a Box is Corning's innovative packaging solution for small reels of fiber optic cable in all inside plant applications, such as collocation data centers and wireless projects. Unlike traditional metal-style reels, MARS is a lightweight, modular system constructed of an. Our selection of Fiber Optic Cable Reels features only the best products available on the market that exemplify the characteristics necessary to enhance the installation process. These products are designed to be mobile, durable, and essential networking components. What is more, Fiber Optic Cable.
