

# Fiber Optic Sensor FT-49

## Overview

The Panasonic Fiber Optic Sensor FT-49 is a highly advanced and reliable sensor designed for accurate detection in industrial automation applications. These products utilize an anti-interference structure, support a 0. Mouser offers inventory, pricing, & datasheets for Panasonic FT Series Fiber Optic Sensors. Estimated Lead Time : 1 - 10 working days. NEX Instrument Inc is not an authorized dealer, agent or associate of any of the designers, brands, or manufacturers, the products of which are offered for sale on www. All trademarks, brand names, and logos mentioned are used for. ETS Industrial provides more than 50,000+ SKU of electronic components, including connectors, encoders, sensors, semiconductors, relays electromechanical products, power supplies, RF products, fans and thermal management products, wire harness products, fasteners and value-added assembly. The Panasonic FT-49 Fiber Optic Sensor Amplifier has been designed with the understanding that reliability is not an optional feature — it is the baseline expectation.
