

Fiber optic cable 1 trunk

Overview

OptoTrunk Cables combine multiple cables into one, using high-density connectors like 144F Expanded Beam Optical (EBO) and LC cartridges to enable efficient, space-saving connectivity. Data centers face increasing demands for bandwidth and signal integrity. As your partner and expert for data networks and structured cabling, EFB-Elektronik offers fiber optic trunk cables in several variants and designs. Our range includes both ready-to-buy stock goods and fiber assemblies according to customer requirements, which are individually designed for your. Our indoor MPO female trunk cable assembly, with its small diameter design will save data center space and make installation simple. It's sturdy for long-distance connections. Done! Plugs directly pre-fabricated on the wires with the following benefits: . EDGE™ MTP® trunks provide the backbone of the EDGE solution.
