

Installation of Intelligent Lighting Distribution Box in Monaco

Overview

In this case study, we detail how ANETHIC's Lightgogo Kit brought modern illumination to the old town without compromising its rich historical character—and how this project sets a new benchmark for smart urban lighting worldwide. The Grimaldi historic site in Monaco is a treasure. For over two decades, Blue Light, established and helmed by the visionary Mr Yves Tamagno, has been illuminating the path for both private individuals and businesses with unparalleled expertise and craftsmanship. Our dedicated team, a perfect blend of seasoned professionals and vibrant, youthful. J. PASTOR & FILS has a design office and can intervene in industrial, commercial and private sites simultaneously. We design made-to-measure electrical installations and fit products suited to the needs and desires of each of our clients: home automation installation, interior, exterior or. Blue Light, with over 20 years' experience in Monaco, specializes in the purchase, sale, installation and repair of electrical and electromechanical items. Digital technologies such as Cloud Computing, Big Data, Internet of Things (IoT), Artificial Intelligence (AI) and Industry 4.0 are phenomena which are changing the world we are living in. To answer the most demanding market. ANETHIC responded with a groundbreaking solution—the Lightgogo Kit, a smart, energy-efficient, and unobtrusive lighting system designed to illuminate while preserving legacy.
