

Intelligent Modular Data Center Brand

Overview

Some of the top manufacturers of modular data centers include HPE, IBM, Eaton, Schneider Electric, Huawei, Dell, Vertiv, and others. Northstar Enterprise + Defense offer solutions with speed, performance and security in mind (Credit: Northstar Enterprise + Defense) Northstar Enterprise + Defence delivers turnkey solutions for AI/ML, enterprise, telecoms, defence and government applications, with a specialised focus on modular. This report lists the top Modular Data Center companies based on the 2023 & 2024 market share reports. Mordor Intelligence expert advisors conducted extensive research and identified these brands to be the leaders in the Modular Data Center industry. Need More Details on Market Players and. Modular data centers represent a transformative approach to the design, deployment, and management of data storage and processing facilities. Schneider Electric Edge: Global leader with end-to-end integration (power, cooling, racks, DCIM). Massive in-house manufacturing footprint. Furthermore they are customizable, portable, and they also reduce the onsite construction time and bridge the gap between designed and delivered, making them an. LiquidStack, a global, full-service leader in liquid cooling for data centres, has announced a 300-megawatt order of Coolant Distribution Unit (CDU) capacity from a major US-based data.
