

Italy Low-Voltage Busbar System

Overview

Our range of products, a benchmark in low-voltage power feeding and distribution, includes compact systems (sandwich type), ventilated (Blindventilato®), air-insulated for medium power (Blindosbarra®), for mobile utilities (Blindotrolley®), for small power and lighting. Our range of products, a benchmark in low-voltage power feeding and distribution, includes compact systems (sandwich type), ventilated (Blindventilato®), air-insulated for medium power (Blindosbarra®), for mobile utilities (Blindotrolley®), for small power and lighting. Graziadio & C. has been producing prefabricated electrical busbars for the transport and distribution of electrical current from 25 to 6300 A for over 60 years. All busducts are Made in Italy. Elektrotechnik 2025: we're in! Elektrotechnik 2025: we're in! From large industrial plants to logistics. From over 50 years we've been in business as qualified manufacturer of low voltage insulators and bus bar systems and supply the most important companies. Our mark ERIB, the oldest one in Europe, is recognized all over the world as a quality guarantee. LBplus DATA is an evolution of the LBplus busbar trunking system. The most suitable solution for. ABB's Control Room offering includes a comprehensive range of solutions designed to optimize the operator workspace for critical 24/7 processes across various industries.
