

Kenya Explosion-proof Lighting Distribution Box Specifications

Overview

● Three types of explosion protection: Ex db IIB, Ex db IIB+H2, Ex tb IIIC. ● The enclosure can be equipped with transformers, buttons, indicator lights, switches, potentiometers, voltmeters, ammeters, tachometers, etc. Order Explosion Proof Illumination Distribution Boxes from Warom Technology, a trusted manufacturer and supplier, designed for industrial lighting automation, hazardous electrical systems, nuclear illumination, defense applications, and waterproof, dustproof environments. They vary in terms of materials, including metal and flame-retardant plastic; installation methods, such as vertical, hanging, concealed, or exposed installations; and voltage levels, including 380V and 220V. Equipped with a specialized hinge structure which can prevent damage to the flameproof joints when opening and closing the box and greatly prolongs the service life. So in the choice of power distribution box to pay more attention to the.
