

Mali Industrial Switch 1G 2025 Model

Overview

Featuring two standard 10/100BASE-TX RJ-45 ETHERNET ports and four advanced 10BASE-T1L Single Pair Ethernet (SPE) ports, this switch offers maximum flexibility for building decentralized networks. Our Industrial Ethernet Switch portfolio comprises Managed and Unmanaged Switches with Gigabit, PoE, IEC 61850 certification, and for DIN rail mounting. This gives you the flexibility to build powerful and secure networks, even in harsh environments: copper and FO ports, as well as redundancy. With high-speed 10-GE uplinks, high-wattage PoE options, ultra-low jitter, advanced network security features, and device-to-cloud performance monitoring with the Cisco ThousandEyes agent, these modular switches are your foundation for industrial AI. It features 8 10/100/1000BASE-T copper ports, 2 100/1000/2500BASE-X SFP ports and redundant power system in an IP30 rugged but compact-sized case that can be installed in any difficult. The Westermo range of industrial PoE switches is designed to meet either the 802.3at Power over Ethernet (PoE) Plus standard for high-power applications. PoE switches built for industrial environments are specifically designed to be capable of withstanding extreme. Future-proof switching solutions created to meet the stringent requirements demanded by industry. FS DIN rail-mounted industrial switches feature IP41 dust and waterproof protection.
