

Metal Distribution Box Manufacturer Prices

Overview

The metal distribution boxes and boards that we offer have wide range of application for mounting in buildings under construction or new communal objects, offices, shops, house facilities. Inside the box, could be mounted circuit elements for prot. The metal distribution boxes and boards that we offer have wide range of application for mounting in buildings under construction or new communal objects, offices, shops, house facilities. Inside the box, could be mounted circuit elements for protection in the electrical installation. They are made of high quality electro-galvanized steel sheet and. The use of these consumer boxes is quite vital for the utility of a property. They have both domestic and industrial applications, this depends entirely on the series which you choose to with - the SIGMA series is ideal for domestic properties as it allows consumers to safely access their power network and interact with all consumers on the premise. The SIGMA series has plenty of options for domestic consumers - one of the best examples of this is the DOMESTIC CONSUMER UNIT WITH 100A main switch and added RCD's. The RCDs which are supplied come in pairs, rated at 63A and 30mA. If utilized with all of the extras, the 22 way box will have their spaces reduced by 6, meaning the 12 gang way box wi.
