

Multimode Fiber Optic Cable Organizer

Overview

This high-performance enclosure supports Single Mode and Multimode fibers, providing versatility for various applications. With a compact design suitable for indoor use, this installation-ready box ensures quick deployment and efficient organization. NG4access[®] Cabled Modules available in all module sizes and fiber counts up to 864 fibers NG4access[®] Splice Tray Four sizes of interchangeable Propel fiber pass-through adapter packs provide the breadth of capabilities for virtually any configuration. Patch Panel Cisco simplifies optical connectivity management. We offer a generous selection of fiber optic cables. Single or multimode patch cords are available for multiple applications: mechanical use, short in-office runs, longer runs between and within buildings, or even underground. Using precision mechanical splice tech, UniCam enables quick, cost-effective fiber installations. Our LGX Chassis Fiber Optic Enclosures are made in the USA, with options including heavy gauge steel and lightweight aluminum termination boxes.
