

# Nigeria Optical Module Project

## Overview

The Nigerian government has unveiled Project Bridge, an ambitious initiative to deploy a 90,000-kilometre fibre optic backbone. This project aims to revolutionise the nation's digital infrastructure. It aligns with President Bola Ahmed Tinubu's Renewed Hope Agenda. The goal is clear: deliver. Optical fabrication refers to the process of manufacturing optical components such as lenses, mirrors, and prisms. In Nigeria, the current state of optical fabrication is relatively underdeveloped. FRI AUG 08 2025-theGBJournal| The Minister of Communications, Innovation and Digital Economy, Bosun Tijani today unveiled the high-level design for Project BRIDGE, the Federal Government's bold initiative to deploy 90,000km of fibre-optic infrastructure across Nigeria at an event hosted in. The African Development Bank (AfDB) has approved a \$200 million loan towards Nigeria's Project Bridge, a fiber-optic program aimed at expanding broadband access in the country. World Bank Managing Director and Chief Financial Officer, Anshula.
