

Price of Industrial-Grade Gigabit Switches

Overview

--- Gigabit Ethernet (10/100/1000 Mbps): Switches that support Gigabit Ethernet are now more common in industrial environments, providing faster speeds and higher performance. Prices for Gigabit Ethernet switches generally range from \$300 to \$2,500 depending on the number of ports. The cost of industrial-grade switches can vary widely based on several factors, such as the number of ports, port types (Ethernet, fiber, PoE), data speed (Fast Ethernet, Gigabit, or 10 Gigabit), ruggedness, and additional features like redundancy, security protocols, or management. Moxa provides a wide range of industrial Ethernet switches that feature industrial-grade reliability, network redundancy, strengthened security, easy management, and competitive price-to-performance ratios. Our comprehensive portfolio includes unmanaged switches, managed switches, PoE switches. Advantech's industrial Ethernet solutions provide an abundance of product options including managed and unmanaged switches, Gigabit Ethernet switches, PoE switches (IEEE 802.3at), protocol switches, EN50155 and IEC61850-3-certified switches, and SFP modules with rackmount and. With high-speed 10-GE uplinks, high-wattage PoE options, ultra-low jitter, advanced network security features, and device-to-cloud performance monitoring with the Cisco ThousandEyes agent, these modular switches are your foundation for industrial AI. Managed with Cisco Catalyst Center or Cisco. Check each product page for other buying options.
