

Saudi Arabia Single-Fiber Bidirectional Optical Module

Overview

Complete your high-speed, long-distance fiber installation with the UACC-OM-SM-10G-S 10G SFP+ Bidirectional Single-Mode Optical Module from Ubiquiti Networks, provided here in a pack of two. Featuring an LC connector, this simplex transceiver delivers up to 10 Gb/s over distances. BiDi optical modules can do this by utilizing full-duplex communication over a single fiber strand via two wavelengths. FS offers a comprehensive range of 10G BiDi modules tailored for diverse scenarios. The module features a highly reliable 1330nm DFB transmitter and 1270nm. (MEFC) is a Saudi-Japanese (Fujikura) partnership located in Riyadh, Saudi Arabia. MEFC has established itself as the leader in manufacturing fiber optic cables, and solution provider for the telecommunications and industrial sectors in MENA markets. It is suitable for high-speed data transmission of large data in cloud computing, data center, server, high-speed network card, big data storage, RAID disk array, high-speed network, VR, unmanned vehicles.
