

Sfg1g optical module

Overview

The AMG SFP-1G series are industrial high speed 1000Mb Ethernet SFP's offering support for multiple cable types including copper (Cat5E or higher) as well as Multimode or Singlemode optical fibre. Learn about its specifications (1000BASE-SX standard, 850nm wavelength), compatibility, typical applications, deployment best practices, and why choosing a. The SFP-GB-GE-T transceiver supports up to 100m link lengths over a copper connection via a RJ-45 connector. Featuring low power consumption, the hot swappable 1G SFP transceiver is ideal for enterprise networking for LAN applications and different other networking places using copper connections. SFP1G-LX-31-C - Transceiver Module Networking, General Purpose 1000Mbps 1310nm 3. 3V LC Duplex Pluggable, SFP from ATGBICS.
