

White optical power meter with battery installed

Overview

The compact and lightweight AQ2170 Series portable optical fiber power meter is battery-operated with auto wavelength matching and versatile data storage/transfer. It's a mini, simple meter for optical loss measurements on optical fiber cables. The This QIIRUN TM530 is our latest fiber optic power meter. The automatic shut-off (after 10 minutes) and the LED flash function ensure a longer working and standby time. This handheld mini optical power meter Allgriit TM530 has an RJ45 cable sequence function that. VIAVI offers fast, cost-effective, and easy-to-use power meters for installation and maintenance of single mode and multimode fiber optic networks and advanced, photonic-layer power meters for lab and production environments. No more calls, no more cost, find and test it by yourself.
